OPERATIONAL REVIEW:

The year under review posed a number of challenges, both external and internal. Both the Active Pharmaceutical Ingredients Business (API Business) and Formulation Business posted a negative growth in the year under review.

The API Business witnessed a decline in the top line. The raw material price increase and the time lag in passing on the price increase by way of higher selling prices also eroded the gross margins of the API division. Your management has taken several corrective and strategic measures to turnaround the API business. Significant production process improvements are being implemented which would result in savings in production cost and boost the margins. New appointments of highly experienced and talented staff have been made at the senior managerial level which should help improve the business operations. Efforts to gain higher market shares in Tramadol have been very successful, this should help boost the profitability of the Company.

The Formulation Business revenues declined on account of high rate of attrition, which put the profitability of the division under pressure.

Your management has taken several measures to improve the formulations business. All vacancies have been filled across the country with the best talent. The Company has also engaged some of the best talent in the industry at senior management leadership levels. The new product pipeline is robust and the launch of these products should help to achieve a significant growth in formulation business revenues and profitability.

The financial highlights are as under:

The Total Income for the financial year under review was Rs. 31,594.31 Lac as against Rs. 37,587.47 Lac in the previous year. The Total Expenditure was Rs. 33,817.53 Lac as against Rs. 34,433.24 Lac.

The Loss before Tax for the financial year under review was Rs. 2,223.22 Lac as against a Profit before Tax of Rs. 3,154.23 Lac and a Loss after Tax was Rs. 2,226.70 as against Profit after Tax of Rs. 2,992.15 Lac in the previous year.

Exports of the Company during the year under review were Rs. 12,006.53 Lac as against Rs. 13,938.80 Lac in the previous year.

DIVIDEND

The Board of Directors of the Company has not recommended any dividend for the financial year 2010-2011 on account of negative performance.

CORPORATE DEBT RESTRUCTURING (CDR)

During the year under review Bank of India as the lead bank of the consortium of bankers of your Company has referred the Company for restructuring of its debt to the Corporate Debt Restructuring (CDR) Cell.

The Corporate Debt Restructuring (CDR) Cell has approved Corporate Debt Restructuring Scheme of the Company and has issued the letter of approval (LOA) dated 23rd May, 2011.

As per the Scheme Bank of India (BOI) has been appointed as the Monitoring Institution (MI) to oversee the implementation of the package. Further to facilitate the process of monitoring the sanction and implementation of the scheme as also to monitor the performance of the Company a Monitoring Committee (MC) has been constituted. The members of the MC are Bank of India, State Bank of India, IDBI Bank, Exim Bank and a representative of the CDR Cell.

The cut-off date for the scheme is 30th September, 2010. The debts outstanding on the cut-off date have been restructured. The Company has been given a two-year moratorium for the principal portion of the term loans which are now to be repaid in 32 quarterly instalments beginning October 2012.

The irregular portion of the working capital limits has been restructured into a Working Capital term loan to be repaid with a moratorium of two years in 32 quarterly instalments beginning October 2012. The Banks have provided relief by way of lowering the interest rates sanctions have also been incorporated for additional working capital requirements, capex funding and priority loans. Adequate non-fund based limits have also been provided for in the scheme.

Your management is confident that upon implementation of the scheme and infusion of fresh funding the Company will be able to improve the overall business and increase revenues and profitability of both the business divisions.

MERGER OF THE PHARMACEUTICAL PRODUCTS OF INDIA LIMITED (PPIL) WITH THE COMPANY:

The Hon'ble Board for Industrial and Financial Reconstruction (BIFR) is considering the Rehabilitation and Revival cum Merger of the Pharmaceutical Products of India Limited (PPIL) with the Company afresh, pursuant to the Order of Hon'ble Supreme Court of India dated 16th May, 2008.

The PPIL has submitted proposal for rehabilitation cum merger of PPIL with Wanbury Limited, with Operating Agency, IDBI and after considering the same in the joint meeting of all concerned, Operating Agency, IDBI has submitted "Draft Rehabilitation Proposal" with Hon'ble BIFR for their consideration. The Hon'ble BIFR is considering the "Draft Rehabilitation Proposal" submitted by the IDBI, Operating Agency and we expect that the "Draft Rehabilitation Proposal" will be circulated by Hon'ble BIFR shortly for the consideration of the all concerned.

ANNEXURE TO DIRECTORS' REPORT

Information in terms of Section 217 (1) (e) of the Companies Act, 1956 read with the Companies (Disclosure of Particulars in the Report of the Board of Directors) Rules, 1988.

(1) (A) CONSERVATION OF ENERGY

Company has taken below mentioned measures for conservation of energy during the year under review: -

- (i) Ammonium Bromide liquid segregated from High TDS effluent of Tramadol is being disposed to downstream users (authorised by Pollution Control Board) instead of in-house effluent treatment which results in steam and electricity savings.
- (ii) Instead of 3 water washes 2 water washes implemented in Metformin Process without effecting product quality is reducing Aerobic System Power consumption in the Effluent Treatment plant.
- (iii) Connected three vacuum Jet with single motor of 15 HP instead of three motors of 10 HP, is reducing consumption of electricity.
- (iv) Periodic cleaning of cooling towers & condensers in reaction & crystallizer area to reduce the time cycle of distillation.
- (v) Periodic cleaning of boilers to maintain the furnace oil to production ratio.
- (vi) Push button switches of Ejector shifted from ground floor to first floor to ensure switching off of ejectors immediately after usage is completed.

(B) CONSUMPTION PER UNIT OF PRODUCTION

The Company manufactures APIs having varied product cycles. It is therefore, impractical to apportion the consumption and cost of utilities to each product.

NOTE: There are no specific standards, as the consumption per unit depends upon the product mix. Variations in consumption are due to different product mix.

(2) ABSORPTION OF TECHNOLOGY AND RESEARCH & DEVELOPMENT

API DIVISION

Research and Development (R & D) Centre has improved its strength to a team of over 40 scientists, who continue to offer dedicated services for R&D projects such as Process Research, Contract Research & Manufacturing (CRAMS), etc.

During the year, the R & D Centre of your Company has developed lab scale processes for 4 Active Pharmaceutical Ingredients (APIs), completed two cost reduction projects and CRAMs (5 Nos.). In addition to this Drug Master File (DMF) for 1 API in US is filed.

The synthesis of APIs today is governed by stringent norms as the process chemistry employed needs to be cost effective, hazard-free, non-infringing, adhering to Pharmacopoeia quality and eco-friendly. R&D Centre has successfully improved the process through backward integration for its key API wherein nearly a 15 % cost reduction has been achieved.

FORMULATION DIVISION

R&D Centre is working with Canadian Company to develop four ANDA's for the Canadian market. The first ANDA (Metformin Tablets) has been filed in April, 2011. The development work on three other ANDAs is completed.

Management Discussion and Analysis Report

Industry Overview

The Indian pharmaceutical industry has been a success story providing employment to millions of people and ensuring across the board availability of essential drugs at affordable prices to the masses. Industry has excelled in the field of innovation, cost leadership, reengineering, quality and range of products offered making it one of the most competitive and lucrative industries.

Over the last decade, Indian pharmaceutical industry has grown by leaps and bounds; approximately 9% CAGR for the five-year period 2000-2005 and 13 - 14% CAGR for the five-year period 2005 - 2010. The Indian pharmaceutical industry has certain unique characteristics which make it as attractive as it is.

Unique characteristics:

- The leading 250 pharmaceutical companies control 70% of the market with market leader holding nearly 7% of the market share.
- Extremely fragmented market with severe price competition.
- About 250 large units and about 8000 Small Scale Units, which form the core of the pharmaceutical industry in India. These units produce the complete range of pharmaceutical formulations and 300+ bulk drugs, i.e., chemicals having therapeutic value and used for production of pharmaceutical formulations.
- Branded generics market dominates with 70 to 80 % of retail market.
- Local players have enjoyed a dominant position driven by formulation development capabilities and early investment.
- De-licensing of the industry has meant that manufacturers are free to produce any drug duly approved by the Drug Control Authority.

Uniqueness of the industry presents its own set of challenges and opportunities in consonance with the market it caters to. The pharmaceutical industry in India is all set to scale new heights thanks to the growth drivers prevalent in the economy.

- Rising incomes
- Enhanced medical infrastructure
- Rise in prevalence and treatment of chronic diseases
- Greater health insurance coverage
- Launches of patented products

Rising Income levels and enhanced medical infrastructure have underpinned the step up in growth trajectories. This growth has been broad based across therapy and geography segments. The pace of innovation in business models, products and effectiveness has been unprecedented. MNCs have invested large amounts of capital in launching and expanding generics business and in expansion of market coverage. Mergers and acquisitions have also been on a rise to increase the presence in the generics space. Over the last two years there have been billion dollar deals which signify the importance of the generics business, these deals include the Pfizer Wyeth and the Abott Piramal deal.

A recent study by Mckinsey estimates that the Indian pharmaceutical industry would become \$55bn industry by 2020 translating into CAGR of approximately 14% for the next 10 years. At this scale the Indian pharmaceutical industry would be comparable to several of the developed markets behind only to US, Japan and China.

The study also anticipates that the mix of therapies will continue to gradually move in favour of specialty and super specialty therapies. Success of pharmaceutical companies would be driven by three sets of commercial capabilities: marketing capabilities, sales force capabilities and commercial operations.

Apart from the several growth drivers and huge opportunity that exists in the Indian pharmaceutical industry one of the factors that might hamper the growth and hamper the profitability is inflation. Inflation has been a major concern for manufacturers with their margins taking a hit. In the process of trying to curb inflation the RBI has increased the interest rates increasing the borrowing rate and thereby further impacting profitability and ability to have a sound credit line. However, the following factors would counter the effect of inflation and credit to a certain extent.

- Population growth at ~ 1.3% every year and a steady rise in disease prevalence will increase the patient pool by nearly 20 per cent by 2020.
- Affordability of drugs will rise due to sustained growth of incomes and increases in insurance coverage.
- Accessibility to drugs will increase due to increase in medical infrastructure, new business models for tier II and rural areas, launches of patented products and greater government spending on health care.
- Acceptability of modern medicine and newer therapies will increase

Company Outlook

Domestic Formulations Business:

Your Company suffered some setbacks in the domestic formulations business as a result of which Company was not able to post the impressive growth that it has done for the past few years. However, in spite of these setbacks Company was able to post a growth of approx. 7% according to ORG IMS data.

Your Company continues to focus on Orthopedics, Gastrointestinal, Gynecology and Surgery therapeutic segments. Your Company has been able to maintain its position by focusing on some of its key existing brands. These brands have established themselves in their respective therapeutic areas and have come to be known as best in class. Key performing brands for your Company are:

CPink - An iron supplement based on Ferrous Ascorbate preparation is a Rs. 2,800 Lakh (ORG MAT Mar 2011) brand and ranked 2nd in Ferrous ascorbate category. CPink has revolutionised Iron therapy by introducing the formulation prepared through patented IIC (Integrated Iron Complexation) technology. CPink with IIC technology maximizes Iron absorption and prevents GI irritation.

Adtrol plus - a combination of Calcitriol, Calcium Carbonate, Methylcobalamin, folic acid and Pyridoxine is a 2,000 Lakh brand, ranked 3rd in the Calcitriol Combinations market. It's a comprehensive solution for the management of osteoporosis. Adtrol Plus can be used in all osteoporosis patients; all women above age of 40 yrs and men above 50 years.

Rabiplus- our brand of Rabiprazole is Rs 2,000 Lakh brand and ranked among top 5 brands in this category. Rabiplus is prepared through Optimally Stabilized Trilayered Enteric coated pallet technology. The benefit of this technology is 100% availability of drug at the site of absorption thus offers faster onset of action as compared to competitors. Pallet technology is being used for the first time in India.

Folinine - is a Rs. 1,200 Lakh brand, growing at 57% with second rank in folic acid market. Folinine is a nutritional supplementation during pregnancy and contains Methylcobalamin, Folic acid & Pyridoxine. The combination controls pregnancy complications and is recommended throughout the nine months of pregnancy. According to NIN 1998, more than 60 % young women suffer from folic acid deficiency, and over 25% women suffer from pyridoxine deficiency and thus there is huge potential in this area.

Growth has largely been fuelled by the two divisions, WOW and Wellbone, launched by the Company in FY 2010. Wellbone has subsequently been merged with the Orthopedic division Osteolife as a strategic initiative to reduce costs and provide better penetration. Not only are these divisions contributing significant amount of sales to Formulations division as a whole, these divisions have the lowest Cost of Goods sold compared to Formulations division. Products contributing significantly to the sales of these two divisions include: Folinine, Bonansa, Productiv M, Productiv F and Wellbone.

The Company launched various new products during the year. The key products are as follows:

Clavcure

Productiv

Folinine D

Chymonac TC

API (Active Pharmaceutical Ingredients)

Your Company continues to remain the largest manufacturer of Metformin in the world with over 30% market share. Another product Tramadol has also been in high demand especially in American markets. Over the later half of the financial year your Company would have catered to substantial share of the US requirement for Tramadol. This has happened as a result of significant cost

competitiveness of its product and continuous business development efforts with its customers.

Domestic supplies of our products especially Metformin is gaining much more importance now. There is an increasing trend, especially with big international pharmaceutical companies to get their requirement contract manufactured in India. Some of the Indian Pharma Companies are also taking strong positions in regulated markets. Therefore the need for an API is showing increasing trend in domestic market.

FY10 posed a number of challenges to your Company. One of its major regulated market customer stopped purchases after the first quarter. The contract manufacturing agreement of an intermediate for a big multinational company came to an end during the year. Your Company has still managed to generate comparable sales to the previous year by better focus on other products, customers and markets. However from a profitability point of view this situation has resulted in lower margins. Your Company had expected revival of its Metformin business in America. We expect a key customer to resume the business in 2011-12 which will further strengthen your Company's market share. The Contract Research and Manufacturing (CRAMS) business did not perform as planned. No new business was generated during the year. Your Company hence was forced to close down the foreign office in Europe and to scale down its R&D team to keep expenses under control.

Some top management personnel left your Company during FY10-11. Apart from that the Company also ran into tough financial problems and had to admit itself into Corporate Debt Restructuring.

New management came in the later half of the year and has started working on a turnaround strategy to reinvigorate the API business and take it to new heights. The new management has cost reduction as one of its prime focus areas so that your Company continues to make profit in a generic market with high competition and reducing prices. Your Company plans to look at automation as a solution to ensure higher quality material to its customers. Your Company has initiated plans of increasing manufacturing capacity at Patalganga with limited capital investment. This is being achieved by realignment of the manufacturing area.

In FY11-12 your Company is targeting to increase its API sales by ~20%. A significant part of this increase is expected from Metformin and Tramadol. Plans are being formulated to further increase Tramadol manufacturing capacity so as to meet additional requirements from other regulated customers. All the cost reduction initiatives are likely to come into place during the second quarter of the financial year which will improve the competitiveness of your Company in quoting for various orders and to improve the profitability of the business as a whole.

International Formulations Business - Cantabria Pharma

Like the last year FY 11 has been another tough year for the European markets and Spain was no exception. Pharmaceutical industry in Spain has consistently been held back due to price cuts enforced by the Government and due to competition as a whole. Over the last year there have been further price cuts which have hampered the sales of the Company. Although the sales in volume terms have only been rising your Company has not been able to make up the loss in sales value to offset the fixed costs and hence was not able to break even last year. Several initiatives have been taken to counter the situation and loss in margin due to price cuts has been partly offset by the reduction in cost of material. Other initiatives that are being taken to improve the overall position of the Company are as follows:

Business Development / New Product Launches

Your Company has always been focused on innovation not only on product launches but also on strategic initiatives to help improve the sales and the overall health of the Company. One such initiative that the Company has explored over the last year has been to look at new sales channels and new areas of business development. Your Company is in the process of hiring sales agents to the sell its products in Spain. Sales done through this new sales channel provides the Company with two-fold advantage:

- Greater geographical coverage: The agents are spread across Spain and would be able to provide better coverage and support our products better.
- Reduction in manpower cost: Agents work on commission basis as a fixed percentage of sales over and above the initial set up cost. The initial set up cost is very nominal and the commission model ensures that the Company would have to pay if and only if the sales happen reducing the overall manpower cost.
- Human Resource Initiatives: In order to improve productivity your Company has further reduced the sales force from 63. This number would further go down with the commissioning of the sales agents thereby further reducing the manpower cost.

Research & Development

The Company's R & D is recognised by DSIR (Department for Scientific & Industrial Research) – India and its team of dedicated

Scientists and Research Doctors are into:

- **Process Research:** APIs for Regulated Markets / Emerging Markets and Custom Synthesis
- **Pharma Research:** Development of ANDAs and finished dosages for Regulated Markets
- **NDDS:** Development of Novel platforms for Speciality Generics and IPR

Human Resource Initiatives

Human resources at your Company are valued as the number one asset and accordingly all efforts and perspective focuses on "Employee First". It is the motivated and passionate employees who serve our customers better, bring in new customers and executes our strategy. Innovation, creativity, responsiveness, vision, values reside in them who create all tangible and intangible asset for you.

The focus during last year was on upgradation of talent pool of the Company. We have hired number of industry veterans across the board to help Wanbury return to its glory. We have not only hired best talents for new Pharma divisions, but we have also strengthened the team in the API division with fresh faces.

Your Company continues to maintain its focus towards employee learning and development; during the year, employees participated in scores of development programs which include professional and personal development to help our internal customers excel in all aspects of life.

Our approach on employee development had been to address both hardware and software development. Hardware would include initiatives to build skill, knowledge and Process like TPM while soft aspects includes like Power of Belief, Power of Expectation, Situational Leadership etc. Our continued efforts to build leaders across all levels of the organisation continue unabated. Employee coaching finds its deserved place in your Company as tool for people development.

There are a host of training initiatives planned by your Company over the last year which will continue in the years to come. "Flag Off" has been the first line induction program for employees joining in the field to provide them with a brief and quick on the ground learning. Insight - "Management thought for leaders" is the leadership development program for the managers in the field, plants and at the head office. The most recent of the initiatives has been "Train the trainer" - a unique program where the managers in the field are encouraged to train their subordinates to develop team work and on the ground practical training programs.

Your Company has also taken some unique steps of employee care which includes free employee counselling and also sessions on subjects like parenting. Your Company continues to take help of globally renowned consulting firms like SHL, Hewitt and Mercer on various people initiatives.

Cost Reduction Initiative

Over the last year your Company has extended its efforts to reduce costs as a whole to increase profits thereby increasing the cash available for investment in business and provide higher returns for the investor. Some of the significant cost reduction initiatives undertaken by the Company are as follows:

- Rollout of travel and hotel policy - Wanbury has tied up with Thomas Cook as the sole vendor for providing service related to domestic and international travel and also for hotel bookings. This initiative is expected to reduce costs for Wanbury to the tune of Rs. 2 Crores per annum as a result of economies of scale and tying up with a vendor with a pan India presence and better capabilities. Also, the costs are expected to reduce by better implementation of travel policy which ensures that the bookings are done well in advance to get the cheaper rates.
- Implementation of Standard Fare Chart (SFC) and Standard Tour Plan (STP) - For our employees in the field the SFC and STP have been rolled out which ensures better control for outgo of expenses governed by the standard rates.

Process Improvement

One of the most important parts to creating a sustainable and healthy business is to have efficient and robust internal processes which support the business owners. Your Company has taken a number of steps to improve and establish best in class support systems.

Some of the key steps taken by your Company across areas are:-

- Sales Admin - A dedicated sales admin team for each of the formulations division to ensure quick response time and support for the field force.

- Distribution - New distribution head has been recruited to implement industry best practices with focus on reducing breakage and expiry returns by better supply chain management.
- IT - New systems and processes have been put in place to support the field, plants and HO to ensure timely and correct data to the internal customers.
- HR - HR processes have been revamped to reduce the TAT (turnaround time) for recruitment and induction. Your Company is also in the process for revamping the entire HR MIS.

Threats, Risk and Concern

As any other business, your Company is subject to various risks and threats. The key risks/ threats are as follows:

Competition

Your Company operates in a highly competitive environment with pricing being one of the key determining factors of success. In the API segment, your Company has been able to overcome this risk by influencing the prices as it is the largest manufacturer of Metformin in the world with over 30% market share. Another product Tramadol has also been in high demand especially in American markets. In the Formulations Business the Company has mitigated this risk to a very large extent by diversifying its product portfolio and launching new value-added products. The continuous rise in crude oil and other commodities prices impact the prices of raw material and intermediates and in turn increase the cost of APIs.

Patents / IPR

The success of your Company depends largely on its ability to obtain patents, protect trade secrets and other proprietary information and operate without infringing on the proprietary rights of others. Your Company has a dedicated Research and Development team that continuously innovates and remains competitive by developing / acquiring ability to sort out simple and effective solutions to practical problems. The Company has a team of highly competitive scientists supported by excellent instrumentation.

Regulatory

Manufacturing of pharmaceutical products is heavily regulated and controlled by regulatory and government authorities across the world. Failure to fully comply with such regulations, could lead to stringent actions from the authorities/ government.

Regulators across the world, including the USFDA, have become stricter with the pharmaceutical industry. Regulatory requirements and consequences for non-compliance are also getting more severe.

Foreign Exchange Fluctuations

As the share of exports to total sales made by your Company is considerable, it is prone to losses due to exchange rate fluctuations; however, the Company has hedged its exposure to a large extent thereby reducing the risk.

Human Resource Risk

Your Company's ability to deliver value is shaped by its ability to attract, train, motivate, empower and retain the best professional talents. These abilities have to be developed across the Company's rapidly expanding operations. Your Company continuously benchmarks HR policies and practices with the best in the industry and carries out the necessary improvements to attract and retain the best talent.

Internal Control Systems and its Adequacy

Your Company has made special efforts to improve its internal control systems by improving the information flow and automating the processes in support systems. Support functions are now monitored through a Quarterly Shared Services Survey for the field employees to ensure that we are able to provide the best services to our internal customers.

Your Company has sound, well-established and adequate internal control systems commensurate with its size and nature of business. The internal control systems ensure protection of assets and proper recording of all transactions. The Company has an Internal Audit Department consisting of a team of skilled employees, which carries out regular audits across all operations of the Company.

Financial Review

Particulars	(Amount Rs. in Lacs)

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE COMPLIANCES

TO THE MEMBERS OF WANBURY LIMITED

We have examined the compliance of conditions of Corporate Governance by Wanbury Limited ("the Company") for the year ended on 31st March, 2011 as stipulated in Clause 49 of the Listing Agreement of the said Company with stock exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examinations has been limited to a review of the procedure and implementations thereof adopted by the Company for ensuring compliance of the conditions of the Corporate Governance as stipulated in the said Clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, and based on the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the above mentioned Listing Agreements.

We state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

AUDITORS' REPORT

TO THE MEMBERS OF WANBURY LIMITED

- 1 We have audited the attached Balance Sheet of **WANBURY LIMITED** as at **31st March, 2011**, the Profit & Loss Account and also the Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the management. Our responsibility is to express an opinion on these financial statements based on our audit.
- 2 We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- 3 As required by the Companies (Auditor's Report) Order, 2003, as amended by the Companies (Auditor's Report) (Amendment) Order, 2004 (the Order), issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
- 4 Further to our comments in the Annexure referred to above we report that:
 - i. We have obtained all the information and explanation, which to the best of our knowledge and belief, were necessary for the purposes of our audit;
 - ii. In our opinion, proper books of account as required by the law have been kept by the Company so far as appears from our examination of these books and proper returns adequate for the purposes of our audit have been received from branches not visited by us. The Branch Auditor's Report has been forwarded to us and have been appropriately dealt with;
 - iii. The Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - iv. In our opinion, the Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956;
 - v. On the basis of written representation received from the Directors as on 31st March, 2011 and taken on record by Board of Directors, we report that none of the Directors is disqualified as on 31st March, 2011 from being appointed as a director in terms of Section 274(1)(g) of the Companies Act, 1956;
 - vi. Attention is invited to the following notes of Schedule 18 :
 - (a) Note No. 8 regarding investment in subsidiaries and other Company aggregating to Rs.3907.71 Lac advances against equity pending allotment of Rs.5,240.27 Lac and Rs.11,628.11 Lac being amount recoverable as at the year end for which no provision has been considered necessary by the management for the reasons stated in the aforesaid note.
 - (b) Note No. 16 regarding excess managerial remuneration of Rs. 63.45 Lac is subject to the approval of the Central Government for which application is being made.

In respect of (a) above, we are unable to express an opinion as to whether any provision for diminution in the value of aforesaid investments and the non recoverability of aforesaid dues, is necessary, and the consequential effect thereof on the loss for the year and on the asset and reserves, stated in the balance sheet. Had the effect of (b) above been given, the loss for the year would have been lower by Rs.63.45 Lac and assets and reserves would have been higher by Rs. 63.45 Lac.
 - vii. Subject to Para (vi) above, in our opinion and to the best of our information and according to the explanations given to us, the said financial statements read with accounting policies and notes to the accounts attached thereto, give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) In the case of the Balance Sheet of the state of affairs of the Company as at **31st March, 2011**;
 - (b) In the case of the Profit & Loss Account, of the loss for the year ended on that date; and
 - (c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

ANNEXURE TO THE AUDITORS' REPORT

(Referred to in the paragraph 3 of our report of even date to the Members of **Wanbury Limited** on the accounts for the year ended on 31st March, 2011)

1. In respect of its fixed assets:
 - a) The Company has generally maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b) The fixed assets have been physically verified by the management during the year as per the phased programme which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. We are informed that there were no material discrepancies noticed on such verification.
 - c) In our opinion and according to the information and explanations given to us, the Company has not disposed of substantial part of fixed assets during the year and going concern status of the Company is not affected.
2. In respect of inventories:
 - a) As explained to us, the inventories were physically verified by the management at reasonable intervals during the year except for stocks with third parties for which most of the confirmation certificates have been obtained by the Company and stocks in transit.
 - b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - c) In our opinion and according to the information and explanations given to us, the Company has maintained proper records of its inventories and the discrepancies noticed on such physical verification between physical stock and book records have been adequately dealt with in the books of account.
3. In our opinion and according to the information and explanations given to us, the Company has neither granted nor taken any loan, secured or unsecured, to/from companies, firms or parties covered in the register maintained under Section 301 of the Companies Act, 1956. Accordingly, provisions of clause (iii) (b) (c), (d), (f) and (g) of Paragraph 4 of the Order are not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, there is adequate internal control system commensurate with the size of the Company and nature of its business with regard to purchases of inventory and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control system.
5. Based on the audit procedures applied by us and according to the information and explanations provided by the management, we are of the opinion that there are no transactions that needs to be entered into the register maintained under Section 301 of the Companies Act, 1956. Accordingly provision of clause 4(v) (b) of the Order is not applicable to the Company.
6. As the Company has not accepted or renewed any deposit from the public, the directives issued by the Reserve Bank of India and the provisions of Section 58A and 58AA of the Companies Act, 1956 and the rules framed thereunder are not applicable. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal in this regard.
7. According to the information and explanations given to us and on the basis of internal audit reports broadly reviewed by us, we are of the opinion that the internal audit system commensurate with the size of the Company and nature of its business.
8. According to the information and explanations given to us and on the basis of records produced before us, we are of the opinion that prima facie, the prescribed accounts and records relating to the products covered pursuant to the Order made by the Central Government for the maintenance of cost records under Section 209(1) (d) of the Companies Act, 1956 have been maintained. However, we have not made a detailed examination of these records.
9. According to the information and explanations given to us in respect of statutory and other dues:
 - a) *Except in some cases where there have been delays*, the Company has been generally regular in depositing undisputed statutory dues, including Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty, Cess and other material statutory dues with the appropriate authorities during the year. According to the information and explanations given to us, no undisputed amounts payable in respect of aforesaid dues were in arrears, as at 31st March, 2011 for a period of more than six months from the date they became payable except in respect of income tax of Rs.170.18 Lac, profession tax of Rs.4.34 Lac and statutory dues of erstwhile PPIL referred to in note 3 of Schedule 18.
 - b) There were no unpaid disputed amounts in respect of Income Tax, Sales Tax, Wealth Tax, Service Tax, Custom Duty, Excise

Duty and Cess during the year except the Central Sales Tax of Rs.19.95 Lac relating to the F.Y. 2002-03 which is pending before the Sales Tax Appellate Tribunal, Andhra Pradesh.

10. The Company does not have accumulated losses as at the end of the financial year and has incurred cash losses during the current financial year. However, the Company has not incurred cash losses in the immediately preceding financial year.
11. Based on our audit procedures and on the basis of information and explanations given to us, we are of the opinion that the Company has not defaulted in repayment of dues to financial institutions, banks and debenture holders *except the delay in repayment of principal aggregating to Rs.2,769.61 Lac ranging from 1 to 151 days and interest aggregating to Rs.1,214.36 Lac ranging from 1 to 182 days in respect of dues to financial institutions and Rs.443.67 Lac dues to debenture holders as referred to in Note .3 of Schedule 18 (also refer note 6 of Schedule 18).*
12. The Company has not granted any loans and advances on the basis of the security by way of pledge of shares, debenture and other securities.
13. In our opinion and according to the information and explanations given to us, the Company is not a chit fund or a nidhi/mutual benefit fund/ society.
14. According to the information and explanations given to us, the Company is not dealing or trading in shares, securities, debentures and other investments.
15. According to the information and explanations given to us, the Company has given guarantees for loans taken by the subsidiaries and other company, from bank and financial institutions, and the terms and conditions thereof are, *prima facie*, not prejudicial to the interest of the Company.
16. To the best of our knowledge and belief and according to the information and explanations given to us, the term loans taken by the Company were, *prima facie*, applied for the purposes for which they were obtained.
17. According to the information and explanations given to us and on an overall examination of the balance sheet and cash flow statement of the Company, funds raised on short term basis have, *prima facie*, not been used during the year for long term investment.
18. The Company has not made any preferential allotment of shares to parties and companies covered in the register maintained under Section 301 of the Companies Act, 1956.
19. The Company has not created security or charge in respect of the debentures issued during the earlier years.
20. In respect of the money raised by public issue of Foreign Currency Convertible Bonds during the earlier years, the management has disclosed the end use of the money so raised in Note No. 7 of Schedule 18, which have been verified by us with the relevant records together with the information and explanations given to us.
21. To the best of our knowledge and belief and according to the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the course of our audit.

SCHEDULES FORMING PART OF THE ACCOUNTS

SCHEDULE - 17 ACCOUNTING POLICIES

a) Basis of preparation of Financial Statements:

The financial statements are prepared under the historical cost convention on accrual basis and in accordance with the generally accepted accounting principles in India and comply with the mandatory Accounting Standards issued by the Institute of Chartered Accountants of India and the relevant provisions of the Companies Act, 1956 unless otherwise specified hereinafter.

b) Use of Estimates:

Preparation of financial statements in conformity with generally accepted accounting principles, requires estimates and assumption to be made, that affect reported amounts of assets and liabilities on the date of financial statements and reported amount of revenues and expenses during the reported year. Actual results could differ from these estimates and differences between the actual results and estimates are recognised in the period in which results are known / materialised.

c) Fixed Assets:

Tangible assets are stated at cost of acquisition, installation or construction including other direct expenses, less accumulated depreciation/amortisation adjusted by revaluation of certain fixed assets.

Intangible assets are recognised only if it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably. The intangible assets except some of the brands which are revalued, are recorded at cost and are carried at cost / revalued amount less accumulated amortisation and accumulated impairment losses, if any.

d) Expenditure During Construction Period:

All identifiable revenue expenses including interest incurred in respect of various projects/expansions are allocated to capital cost of respective assets on their completion/installation.

e) Depreciation / Amortisation:

- i) Cost of leasehold land is being amortised over the period of lease.
- ii) Brands and Technical Know-how are amortised over a period of ten and five years respectively.
- iii) Softwares are amortised @ 16.21% p.a.
- iv) On all other assets, depreciation is provided on straight-line basis in the manner and at the rates prescribed in Schedule XIV of the Companies Act, 1956.
- v) Depreciation is not provided in respect of assets held for sale.

f) Impairment of Assets:

An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value. An impairment loss is charged to profit and loss account in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

g) Borrowing Costs:

Borrowing cost attributable to the acquisition or construction of qualifying assets is capitalised as part of the cost of such assets.

SCHEDULES FORMING PART OF THE ACCOUNTS

A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

h) Inventories:

- i) Raw materials, packing materials, finished/traded goods are valued at cost or net realisable value whichever is lower.
- ii) Works in process are valued at estimated cost.
- iii) Fuels are valued at cost.
- iv) Samples are valued at cost.

i) Investments:

- i) Long term investments are stated at cost of acquisition unless there is permanent fall in their realisation value which is provided for.
- ii) Expenses incurred for acquisition of investment have been added to cost of investment.
- iii) Investments in foreign currency are stated at cost by converting at exchange rate prevailing, at the time of acquisition/remittance.

j) Foreign Currency Transactions:

Foreign currency transactions are recorded at the exchange rates prevailing on the date of the transaction.

The net gain or loss on account of exchange differences arising on settlement of foreign currency transactions are recognised as income or expenses of the period in which they arise.

Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported using the rate prevailing as on that date. The resultant exchange differences are recognised in the profit and loss account.

Exchange difference on derivative contracts is recognised in the profit and loss account to the extent amount paid / payable under such contracts during the period.

k) Revenue Recognition:

Revenue on sales is recognised when risk and rewards of ownership of products are passed on to customers, which are generally on dispatch of goods. Incomes from services are recognised when services are rendered. Sales are net of discounts, sales tax and returns; excise duty collected on sales is shown by way of deduction from sales.

AUDITORS' REPORT ON CONSOLIDATED ACCOUNTS

To,
The Board of Directors
WANBURY LIMITED

1. We have audited the attached Consolidated Balance Sheet of Wanbury Limited ("the Company") and its Subsidiaries as at 31st March, 2011 and also the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement for the year ended on that date both annexed thereto. These financial statements are the responsibility of the Company's management and have been prepared by the management on the basis of separate financial statements and other financial information regarding components. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining on test basis, evidence supporting the amounts and disclosures in financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We did not audit the financial statements of the subsidiaries, whose financial statements reflect total assets of Rs. 36,377.14 Lacs as at 31st March, 2011, total revenue of Rs. 7,616.05 Lacs and net cash outflows of Rs. 295.11 Lacs for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us, and our opinion, in so far as it relates to the amounts included in respect of these subsidiaries, is based on solely on the reports of other auditors.
4. We report that the Consolidated Financial Statements have been prepared by the Company's management in accordance with the requirements of Accounting Standard (AS-21) "Consolidated Financial Statements" notified by Companies (Accounting Standards) Rules, 2006 and on the basis of separate audited financial statements of the Company and its subsidiaries included in the Consolidated Financial Statements.
5. *The Company has investment in other company aggregating to Rs.53.40 Lacs and loans & advances recoverable as at the year end amounting to Rs.7,221.58 Lacs for which no provision has been considered necessary by the management for the reasons stated in note no.9 of Schedule 19.*
We are unable to express an opinion as to whether any provision for diminution in the value of aforesaid investment and the recoverability of aforesaid dues, is necessary, and the consequential effect thereof on the profit for the year and on the assets, liabilities and reserves, stated in the balance sheet.
6. Based on our audit as aforesaid and on consideration of the separate audit reports on the individual financial statements of the Company, and the aforesaid subsidiaries, and to the best of our information and according to the explanations given to us, *subject to our comments in para (5) above*, we are of the opinion that the attached Consolidated Financial Statements read together with notes thereon, give a true and fair view in conformity with the accounting principles generally accepted in India:
 - i. In the case of Consolidated Balance Sheet, of the consolidated state of affairs of the Company and it's Subsidiaries as at 31st March, 2011 ;
 - ii. In the case of Consolidated Profit and Loss Account, of loss of the Company and it's Subsidiaries for the year then ended; and
 - iii. In the case of the Consolidated Cash Flow Statement, of the cash flows of the Company and it's subsidiaries for the year then ended.
